

Marjaree Mason Center

RFP #08-12-2024

Community Resource Center Design-Build Children's Center Wall Facades

Creative Direction

Overall Theme:

The overall theme will be city/living spaces with a high priority on activity, engagement and imagination. Ceilings will be T-Bar and a total height of 9 feet to 9 feet, 6 inches. Preference is for the wall facades to highlight themed activity areas and extend to the ceilings. Consideration of hanging clouds and light fixtures in ceilings. Natural wood colors and soft colors of blue, green, yellow, purple for a calming, trauma-informed atmosphere.

MMC will be purchasing furniture and activities to accompany the facades. Flooring will be a lightwood LVT in a herringbone pattern.

Required destination locations:

- Theater
- House (with kitchen)
- Store/Market
- Library/Reading Area
- Quiet space
- Arcade
- 1 location to be recommended by the bidder (potentially a Lego wall)

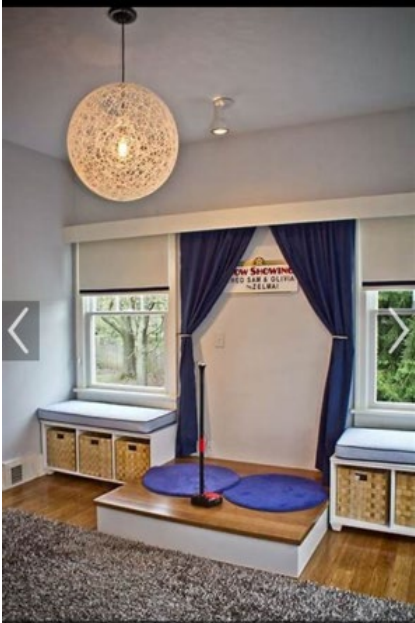

Examples of overall theme (excluding the raceway) below:

Theater Design Idea:

*** Needs to be ADA so no elevated stage.

Ideas for Library or Quiet Area

Optional:

Would like a price to build an inside low level play structure (Idea below):
